ARTICLE

CONSTRUCTION

- No alternative? OSHA rescinds directive on residential construction fall protection requirements MARCH, p. 38
 Safety in the trenches: Pre-planning and protective systems can help prevent excavation incidents AUGUST, p. 32

ERGONOMICS

- Stop the strain: Researcher recommends a multidimensional approach to preventing overexertion injuries... JUNE, p. 40
 Workplace myth? Carpal tunnel syndrome from computer use unlikely, experts claim OCTOBER, p. 70

FACILITY SAFETY

- Do your machines have anti-restart protection? JANUARY, p. 56
 What the 5S methodology can mean to you FEBRUARY, p. 58
 Navigating decisions about safety software FEBRUARY, p. 58
 More than a grain of danger: As grain-related injuries and deaths increase, OSHA cracks down MAY, p. 42
 Small business, big problems: Small businesses, prone to occupational injuries and fatalities, face tough challenges in creating safe and healthy workplaces..... JUNE, p. 44
 Recognizing hidden dangers: 25 steps to a safer office JUNE, p. 54
 Managing lockout/tagout activities JUNE, p. 66
 Lockout/tagout safety AUGUST, p. 58
 The pros and cons of electrochemical sensors SEPTEMBER, p. 88
 MSDS updates: Roles and responsibilities OCTOBER, p. 85
 Sprinkler safety OCTOBER, p. 87
 Dealing with worker depression: Help keep a common condition from putting your employees and workplace at risk NOVEMBER, p. 52
 The benefits of an electrical assessment NOVEMBER, p. 62
 Protecting eye/face wash equipment from contaminants NOVEMBER, p. 62
 Stay current: A brief look at some of the changes in the 2012 edition of NFPA 70E DECEMBER, p. 58
 Enforcing the Lockout/Tagout Standard DECEMBER, p. 70

GOVERNMENT

- Workers' comp: It's complicated JANUARY, p. 28
 Lame duck Congress: Some wins, more losses FEBRUARY, p. 26
 Obama: Rein in regulations MARCH, p. 34
 Blame to go around: A new report criticizes industry and government regulators for the Deepwater Horizon catastrophe MARCH, p. 40
 'Tough choices': Q&A with Rep. John Kline: The new chairman of the House Education and the Workforce Committee vows to examine workplace protections and question OSHA's approach to safety MARCH, p. 42
 The cost of regulation: New Congress focuses on the development of new standards and the burdens they may bring APRIL, p. 30
 Overcoming a stalemate: Congress slow to reach agreement on chemical security program SEPTEMBER, p. 38

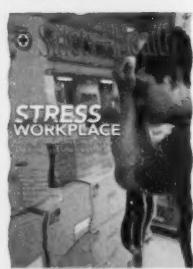

OCCUPATIONAL HEALTH

- Breathe easy: Recognizing and treating work-related asthma JANUARY, p. 42
 Stress in the workplace: Keeping stress in check could create a healthier – and safer – workforce MARCH, p. 44
 Preventing MRSA at work MARCH, p. 57
 Managing heat stress JULY, p. 52
 Harmful exposure? What is the safety professional's role in protecting workers' reproductive health? AUGUST, p. 40
 FMCSA delays proposed hours-of-service rule changes DECEMBER, p. 40
 Easing the burden: Post-traumatic stress disorder can affect any worker. How can an employer help?... DECEMBER, p. 62

OSHA

- 'We haven't done a good job': Reforming OSHA's whistleblower program FEBRUARY, p. 40
 Back to the drawing board: OSHA withdraws proposals for noise standards, 300 log MARCH, p. 37
 Competing budgets will decide OSHA's future APRIL, p. 28
 Michaels: More regulation is needed MAY, p. 27
 The General Duty Clause: What is it, how does OSHA use it and what should employers know? MAY, p. 38
 Future of the Hazard Communication Standard MAY, p. 56
 Creating a new norm JUNE, p. 36
 OSHA at 41 JULY, p. 28
 Golden standard: The successes and shortcomings of Cal/OSHA's heat illness prevention standard JULY, p. 40
 The measure of success AUGUST, p. 26
 Same plan, same regulatory hurdles SEPTEMBER, p. 30

ISSUE AND PAGE NUMBER

2011 ARTICLE INDEX

ARTICLE

Dialing down aspirations	ISSUE AND PAGE NUMBER
Whistleblower program to undergo changes	OCTOBER, p. 48
OSHA enforcement: Does it help improve workplace safety?	OCTOBER, p. 53
House Republicans tie OSHA's hands	OCTOBER, p. 66
Regulation 101	NOVEMBER, p. 34
'A potential tool': OSHA's Top 10 most cited violations	DECEMBER, p. 38
Maximizing resources: The future of Cal/OSHA in difficult financial times	DECEMBER, p. 42
	DECEMBER, p. 54

PPE

Know your hand protection products	JANUARY, p. 57
Eyewear safety programs	APRIL, p. 56
Layering flame-resistant clothing	APRIL, p. 56
Benefits of personal fall limiters	MAY, p. 58
Proper arc-rated clothing	JULY, p. 52
Sound of confusion: The Environmental Protection Agency's new requirement on the labeling of hearing protection devices may be unclear	AUGUST, p. 30
Electrical hazards and footwear	OCTOBER, p. 84
Glove regulations	DECEMBER, p. 70

SAFETY CAREERS

Ready, willing and able? Study indicates possible high absentee rate among essential employees during a pandemic	JANUARY, p. 30
Disproportionately high: Study on injuries among retail workers surprises researchers	JANUARY, p. 46
Protecting the public worker: State and local employees do not always receive the same worker safety guarantees as those in the private sector. Why is this, and what can be done to ensure the safety of public employees?	FEBRUARY, p. 44
Gray matters: Maintaining the safety and health of older workers	FEBRUARY, p. 50
Shared responsibility: Proper selection, planning critical to contractor safety	APRIL, p. 46
Job Outlook 2011: Safety professionals must adapt to a changing economy, job demands and new technologies..	MAY, p. 28
Alone but not alienated: Promoting safety among lone workers	MAY, p. 45
Safe on the home front: Protecting the health and safety of teleworkers	JULY, p. 36
Special concerns? Safely integrating workers with intellectual disabilities into the workforce	JULY, p. 42
Putting safety first among second responders: Preparation and training can protect those working in the aftermath of a disaster	AUGUST, p. 36
Rescuing the rescuers: With thousands of first responders ill after the 9/11 attacks, stakeholders hope to apply lessons learned to keep future responders safer	SEPTEMBER, p. 36
2011 NSC Rising Stars of Safety	OCTOBER, p. 54
2011 Salary Survey	NOVEMBER, p. 38

SAFETY CULTURE

Global standards: International dimensions of safety	JANUARY, p. 38
What's your reward? The debate over incentive programs	APRIL, p. 36
Managing specialty vehicle risks: Staying safe in 15-passenger vans	APRIL, p. 42
Ahead of the curve: Although research on nanomaterials is still evolving, employers are taking precautionary steps to prevent worker exposures	MAY, p. 34
Safe and sustainable: How does EHS fit into the 'green' movement?	JUNE, p. 50
Use and abuse: Drug-free workplace programs should take into account new safety and legal challenges....	AUGUST, p. 46
Examining the foundation: Were Herbert William Heinrich's theories valid, and do they still matter?.....	OCTOBER, p. 62
Approaching safety 'holistically': NIOSH conference focuses on eliminating disparities inside and outside the workplace	NOVEMBER, p. 36
'Not an easy task': Dramatic safety improvement starts with safety culture	NOVEMBER, p. 48

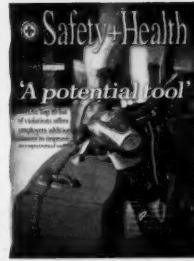

SAFETY MANAGEMENT

2011 CEOs Who 'Get It'	FEBRUARY, p. 29
Achieving excellence in safety culture: Schneider Electric receives 2011 Green Cross for Safety Medal	APRIL, p. 32

SAFETY MEASUREMENT

2011 State of Safety: Keeping workers safe: Does compliance assistance or enforcement work best?	JANUARY, p. 32
Workers' comp: Experts say the data could be used to prevent worker injuries. So why aren't employers using it?..	JULY, p. 32
9/11: Ten years after the tragedy	SEPTEMBER, p. 34

TRAINING

Online versus classroom training	MARCH, p. 57
